## YOUR GLASS PROTECTED WITH MICROTEK®

- Resists staining from hard water deposits • Is easier to clean
- Does not support the growth of bacteria
- Eliminates the need for harsh and abrasive cleaning products
- Saves time and effort • Stays cleaner longer
- Creates a more hygienic environment

## MAINTENANCE

A soft cloth is all you need to clean your protected glass. For best results, squeegee dry after each use. The only solution Fleurco recommends using is 1 part vinegar and 4 parts water.

 <b>MICROTEK GLASS CLEANING</b>						
Type of Cleaning	Step 1	Step 2	Step 3	Step 4	Step 5	Recommended Frequency
After Use	Spray down glass with hot water. 	Dry with squeegee. 	N/A	N/A	N/A	Immediately after showering.
Regular Maintenance	Water down the panels then clean with mild, non-abrasive soap on a soft sponge. 	Rinse off with clean water. 	Spray with a solution of 1 part vinegar + 4 parts water. 	Rinse off with clean water. 	Dry with squeegee. 	Weekly.

MICROTEK IS EXPECTED TO PERFORM FOR UP TO

**10 YEARS**

## PRECAUTIONS

- Avoid using abrasive cleaners.
- Hydrofluoric and phosphoric acid can damage glass surface and should not be used.
- Do not use abrasive scouring powders or pads, highly acidic/alkaline cleaners, brushes, razor blades or other sharp objects which may scratch or harm the glass surface.

## WARRANTY

Provided the glass is maintained according to published after-care instructions and without the use of abrasive cleaning methods or highly alkaline products, FLEURCO warrants that Microtek will work for up to ten (10) years from the date of application.
